THE HISTORY OF KANGEN WATER®

For thousands of year several locations of spring water around the world have maintained legendary status as natural water resource also known as **"Miracle Water"** to heal various disease.

In the 1950's scientific research was conducted and was discovered that all of the "Miracle Healing Water" had one thing in common and that is **Active Hydrogen** or better known as Ionised Alkaline Water.

Many years ago, Japan was hit by acid rain that contaminated rivers and surrounding ecosystems. A group of doctors gathered to save and recover the contaminated water to its original state.

In the year 1974, Enagic Company Japan with their alkaline water treatment has innovated a machine for hospital usage. Few years later, this technology has been improvised into a small in-home water treatment machine named Leveluk SD501.

The word KANGEN means
"RETURN TO ORIGIN"
in Japanese

CAUSE OF CANCER

DR. OTTO HEINRICH WARBURG

"Cancers are characterised by two basic conditions:

- 1) **Acidic body**
- 2) **Lack of Oxygen (Hypoxia)**

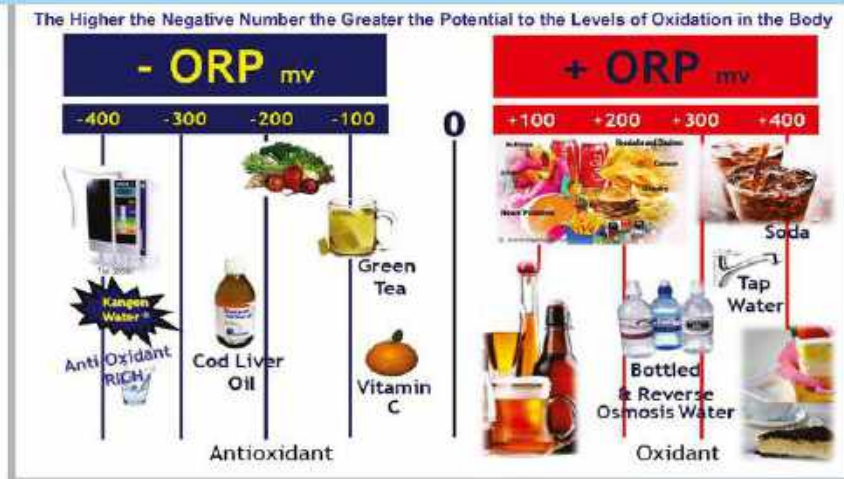

Unhealthy tissues are "ACIDIC"
Healthy tissues are "ALKALINE".

If one cell fall short of its needed **35% of oxygen** for **48 hours**, it could be infected with cancer.

UNIQUE PROPERTIES OF KANGEN WATER®

ANTI - OXIDATION

Anti oxidant is capable of reducing and avoiding oxidation process of aging, infection and rusting.

Kangen Water® possesses **NEGATIVE ORP (Oxidation Reduction Potential)** that is a strong anti oxidant. Drinks such as carbonated water, R.O (Reverse Osmosis) & tap water will cause oxidation to the body.

ALKALINIZATION

Benefits of Alkaline Water

- Bone Health
- Heart Health
- pH Balance
- Essential Minerals
- Neutralize Acidity
- Healthy Weight Control

“MICRO CLUSTERING”

The water we drink usually has larger molecules making it difficult to be absorbed into the body. Kangen Water®, has very small molecules. What this means is that the Kangen Water®, without needing to be boiled, can be drunk as it has smaller molecules that is easily absorbed into the body.
